

Your Students' Experience

Please fill in as many circles as possible with discreet elements of your students' educational and life experience that could be relevant to their learning and development. "Relevance" could refer to a course, program, or complete college/university experience.

The form consists of 25 empty circles arranged in a grid-like pattern. The circles are arranged in five rows: the first row has 4 circles, the second and third rows have 4 circles each, the fourth row has 5 circles, and the fifth row has 4 circles. The circles are intended for students to fill in with relevant educational and life experiences.
